DEVELOPMENT SECRETARIAT.

No. D. 10390—*J. S.* 19-28-3. *dated 8th April* 1929.

It is notified for general information that in accordance with Rule (3) of Government Order No. 11066-111—I. & C. 158-18-51, dated the 14th May 1919, the temporary Auditor's Certificate granted to Mr. K. Srinivasaraghavachar, B.A., L.T., in Notification No. D. 10686—J. S. 24-27-4, dated the 3rd April 1928, authorising him to audit the accounts of the Joint Stock Companies in the State, for a period of two years, in the English, Kannada and Telugu languages is hereby withdrawn.

No. D. 10434—*Geol.* 930-27-15, *dated 11th April* 1929.

In exercise of the powers conferred on them under Section 8 of the Mysore Petroleum Regulation I of 1923, the Government of His Highness the Maharaja of Mysore are pleased to direct that the following amendments be made to the rules issued under the Mysore Petroleum Regulation. The draft of the amendments was previously published in the *Mysore Gazette* for general information.

AMENDMENTS.

(1) Rule 6, Chapter IV—Part II. Omit the words "but not more than 2,000 gallons each."

(2) Form Q of the license form. "Revise the existing form and conditions to the form and conditions as hereto annexed."

By Order,
N. RAMA RAO,
Secretary to Government,
Development Departments.

FORM Q.

Special License to possess dangerous petroleum in one receptacle or more than one receptacle forming one unit and containing more than sixty-five gallons. Rule 6, Chapter IV of Part II.

No. Fee Rs. eight

License is hereby granted to Messrs..... for the storage in the licensed premises described below of.....gallons of dangerous petroleum in one tank subject to the rules for the storage of petroleum published in Notification No. I. C. 5415—Geol. 103-22-14, dated the 13th March 1924 as subsequently amended and to the further conditions attached hereto.

The... .....192 .

Secretary to Government
or
the officer appointed by Government in this behalf.

(Description of the licensed premises above referred to.)

The licensed premises are situated at No..... .....and consist of a gas tight tank of a capacity of.....gallons sunk underground.

CONDITIONS OF LICENSE.

1 Except when absolutely necessary for the purposes of condition 8, or for testing the accuracy of a pump's discharge by means of a standard capacity measure or when the tank and pump are erected completely inside a Dangerous Petroleum Installation, petroleum shall on no account be filled from the tank or pump or from a barrel of oil supplied by Petroleum Companies to be filled into the tank into any receptacle other than that clamped or fitted to a Motor Vehicle.

2. The petroleum shall be stored in one gas tight metal tank of a capacity of..... gallons sunk completely underground in the position shown on plan submitted, and placed in a pit lined with concrete or brick in cement, the tank being packed round with sand, earth or clay so that no air space is left below ground level and the tank is not visible.

3. A pump or pumps shall be placed in the position shown on plan submitted, the pipe connection between the tank and the pump or pumps shall be placed underground and all joints, valves and cocks shall be gas tight.

4. For the purpose of charging the tanks of locomotives the petroleum shall be:

(*a*) Pumped through strong metal piping by means of approved pumps into above-ground measuring tanks of a capacity not exceeding 30 gallons, fixed in approved positions

and run thence through sound hose, fitted with secure self-closing cock and nozzle into the tanks of locomotives, or

(*b*) pumped through strong metal piping by means of approved pumps into an above ground service tank of approved capacity, fixed in an approved position, and run thence through strong metal piping into measuring tanks of a capacity not exceeding 30 gallons fixed in approved positions, and thence through sound hose, fitted with secure self-closing cock and nozzle, into the tanks of locomotives, or

(*c*) pumped by means of approved measuring pumps, fixed in approved positions, through sound hose, fitted with secure tap and nozzle, into the tanks of locomotives.

5. All tanks pumps, pipes and fittings shall be strongly constructed of the best materials.

6. The petroleum shall enter the tank " under seal " and all tanks shall be fitted with a vent pipe leading into the open air, the open end being covered with brass gauze 32 mesh and fitted with a hood or the open end shall be fitted with an inlet valve and on exhaust valve.

7. If the licensing officer call upon the holder of a license by a notice in writing, to execute any repairs to the storage premises, which may, in the opinion of such officer be necessary for the safety of the said premises, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice as may be fixed by the notice.

8. The tank before being repaired shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same. When a tank in position is open for cleaning or repairs, no lamps of any description either ordinary, electric, electric torches or electric cables or electric fans shall be brought near the manhole of the tank (the inside of the tank may be lighted by the use of mirrors).

9. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to anyone who has not a license under section 5 or section 6 of the Regulation.

10. All due precautions shall be taken for the prevention of unauthorised persons having access to any petroleum kept and to the vessels containing or having actually contained the same.

11. Every person managing or employed on or in connection with the storage premises shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary and shall prevent any other person from doing such act. No fire or naked light shall be allowed to burn and no smoking or the lighting of any match shall be permitted within ten feet of a kerbside pump.

12. The storage premises shall be liable to inspection by an officer not being of lower rank than a Sub-Inspector of Police authorised by the Government in this behalf.

13. This license shall be held to cover the use of a portable kerbside pump outfit for a period of not more than one month in the place of the licensed permanent outfit in the event of the latter being out of order provided notice in writing is given to the Director of Industries and Commerce before the portable pump is taken into use.

LAW SECRETARIAT.

No. P. 6049—*Cts.* 144-28-5, *dated* 11*th April* 1929.

Under sections 4A and 4B of the Mysore Civil Courts Regulation of 1883 as amended by Regulation VII of 1926, the Judge of the Court of Small Causes, Bangalore, is appointed as an Additional Subordinate Judge to the Subordinate Judge's Court, Bangalore, and under section 4 (b) of the said Regulation he shall hold court at Bangalore.

No. P. 6074-82—*Pol.* 226-28-1, *dated* 12*th April* 1929.

As instances of accidents due to unlicensed manufacture and possession of "Bellulli Patas" for use during Deepavali, Shaban and other festivals continue to occur in spite of the instructions conveyed in Circular No. P. 6462-70--Pol. 103-25-9, dated 29th June 1926, Government direct that the notices contemplated in para 2 of the said circular be published every year well in time before each such festival in the manner best calculated to ensure wide publicity to the risks and the liability to prosecution involved.

No. P. 6133—*Cts.* 73-28-16, *dated* 15*th April* 1929.

Under section 14 of the Code of Criminal Procedure 1904, the Government of His Highness the Maharaja are pleased to re-appoint the undermentioned gentlemen as Special Magistrates for the Bench Court at Hosanagar with the powers of a Magistrate of the Third Class until the end of May 1929 :—
